CAREER OBJECTIVE

A computer science and engineering final-year student with a growing passion for data analytics and data-driven decision-making.

Proficient in data analysis, visualization, and reporting using tools like Excel, Python, and Power BI.

Seeking an opportunity to leverage analytical skills and contribute meaningful insights in a dynamic, growth-oriented organization.

EDUCATION

Gandhi Engineering College | 2021 - 2025

Bachelor of Technology - Computer Science and Engineering, CGPA 73.71% | Bhubaneswar, Odisha

Holy Mission High School | May 2021

Class 12th CBSE Board, Percentage 63.2% | Samastipur, Bihar

Sadhana Devi Vidyapith School | May 2019

Class 10th CBSE Board, Percentage 62% | Samastipur, Bihar

TECHNICAL SKILLS

Programming Languages: Python, Java

Data Analysis & Visualization: Microsoft Excel, Power BI, Tableau, Pandas, Matplotlib, Seaborn

Database: MySQL

Web Development: HTML, CSS, JavaScript, React.js

Version Control Tools & IDE: VS Code, Git, GitHub

Soft Skills: Data Interpretation, Team Management, Leadership, Effective Communication

PROJECTS

Sales Data Analysis

Tools Used: Microsoft Excel, Power BI

- Cleaned, organized, and analyzed sales data for a retail store.

- Created pivot tables, dashboards, and charts to visualize sales performance by product and region.

- Delivered actionable insights for inventory management and product promotion strategies.

Weather Data Analysis

Tools Used: Python, Pandas, Matplotlib

- Collected and processed real-time weather data using OpenWeather API.

- Analyzed temperature and humidity patterns over time.

- Developed visualizations to identify seasonal trends and anomalies.

CERTIFICATIONS

Data Analytics with Excel - Coursera | Issued: April 2025

Python for Data Science - Great Learning | Issued: March 2025

Java Certificate Course - Apna College | Issued: January 2025 | Certificate Id: 63370954613161099

TCS Certified Young Soft Skills Professional - TCS ION | Issued: July 2024 | Certificate Id: 66b0d0f9a758ec0ca10f1a67

EXTRACURRICULAR ACTIVITIES

Presented Data Analysis Project at TechFest 2024 - Showcased a data visualization project using

Power BI.

2nd Prize in Debate Competition - Recognized for critical thinking and public speaking.

TechFest 2024 Volunteer - Assisted in event organization and participant coordination.

INTERESTS

Data Visualization, Business Intelligence, Dashboard Designing, Statistical Analysis
